WHAT A SUMMER!

Summer's here all right . . . sun's up at 6 am and not setting before 8 pm. And the mercury has been topping 95° almost every day. **EYES & EARS** thought this might be a good

time to visit some of our cast members and pose the question . . . "What have you been doing so far this summer aside from work?" Our

answers have been as varied as the people who gave them, but all have had one point in agreement . . . What A Summer!

Village Candy Shoppe hostess **Maureen Elrod** told us she has been spending her summer bowling on a league, swimming at River Country, and going to concerts. "Oh, I like rock and jazz," the Winter Haven resident told us.

"My hobby is collecting shells," stated **Richard Marshall** of the Grounds Maintenance Department. "I have been finding plenty along the beaches here, although the ones around here are not very big." Richard also spends a lot of his time working with Youth Programs, Inc. helping out youngsters who have been in trouble. He told us he is looking forward to football season.

Jane Brower and **Ruth Rabico** work in Kingdom Jewels at the Contemporary Resort. Jane explained that she is a student at F.T.U. majoring in music, and doesn't have a lot of time for anything else. Ruth went roller skating a few weeks back, "The first time I've been in 20 years!"

Kim Pannier (l) and Debby Filjones (r), both VIP Operators at Design & Development, have been spending their summers traveling. Kim explained that she and her husband, a pilot, flew a private airplane to Pittsburgh, with Kim navigating. Debby loves the Georgia and South Carolina coastal islands and has been spending her weekends visiting Jekyll Island and Sea Island.

Spending the summer here from Michigan is **Sandy Klavis** of Contemporary Services. "I'm spending my summer at the beach getting sun . . . we don't get much up North." Sandy is also taking tennis lessons.

Donna Nolen likes the beach . . . "Gee, I don't ski and I don't play tennis, I just like to go to the beach."

Holly Mallison (l) and Connie McElwee (r) of Pirates of the Caribbean, have been spending their summer days with fellow cast members from Caribbean Plaza. "Last week the whole crew from Pirates got together and went tubing down the Ichetucnee River in Gainesville," Connie said. Holly spelled Ichetucnee for us . . . we hope she's a good speller!

Cynthia Holmes, a hostess in the Flower Garden at the Village, spends her valuable spare time bicycling and learning how to play tennis. "I'm a senior at F.T.U. this summer finishing up my degree in Business Administration, so I don't have a whole lot of extra time."

Judie Everhart, Audio-Animatronic Computer Specialist in DACS, said she has been going to the beach a lot, "New Smyrna, of course!" She also has been spending a good bit of time at Lake Silver in Sanford water skiing and enjoys playing pool . . . "I'm pretty good, too!"

After spending her days at Carolyn's Couture in the Village, **Blanka Roberts** likes to go collect eggs and attend the chickens on her daughter's farm. "I'm really just relaxing this summer, you see, I teach school in the winter."

Doug Brown of the Village Restaurant has only been here a little over a month from New York. "So far, I'm still getting moved in and water skiing whenever I have the chance."

SUNBURN . . . A REALLY "HOT" SUBJECT!

Summer is here, the temperature has been in the upper 90's, old records are being broken, and July is only half-over! With only an occasional late afternoon rain shower or two, this weather is just right for laying by the pool or catching a few rays at the beach. And along with this great Florida weather comes a "touchy" subject for some, especially if all your friends are back slappers . . . sunburn!

The **EYES & EARS** has been asked to reprint an article we ran this Spring regarding sunburn, so here it is:

Many cast members, both native Floridians and out-of-staters, are over doing it trying to get a suntan, and end up with a painful sunburn instead. **Dr. Thames**, Walt Disney

World's Medical Advisor, has given these suggestions on how to not only stay "cool" in the sun, but get a "painless" start on your suntan:

- Don't spend **too much time** in the sun at first . . . twenty minutes the first day, thirty the second and so on until you get used to it.

- An extra sprinkle of **salt** at meal-time can help restore the salt lost from your body through perspiration. Take salt pills only on a doctor's advice.

- Don't **overestimate** your own strength in the sun, take it easy.

And enjoy your fun-in-the-sun, but remember . . . there's no such thing as an instant suntan . . . tan carefully . . . sunburn can mean uncomfortable nights and loss of pay - you **cannot claim sick pay** if you miss work due to a sunburn. This is because sunburn, unlike sickness, is so easily prevented just by using common sense.

The next logical question concerning sunburn is what to do is a guest asks you where to go for treatment for a sunburn.

We talked with **Alice Hardee**, Supervisor of First Aid, on what their policy is. She said that with Summer weather here, they have been receiving numerous requests for treatment. However, due to these large numbers of guests seeking treatment, First Aid has found that they do not have the staff or supplies to adequately treat everyone. Therefore, it is a policy of First Aid **not to treat sunburn** at any First Aid Station.

Alice went on to point out that sunburn usually requires more than

a one-time treatment and guests with a burn are advised of our Sun Care Centers where they can obtain sun care supplies.

Many of our guests with sunburn actually get it **before** they enter Walt Disney World. Sometimes these guests come into the Magic Kingdom with severe cases of sunburn and complications which require treatment by a physician. The First Aid staff advises these guests where they can go to obtain such treatment. It is important to remember that we **do not** have a doctor at Central First Aid to treat **guests** . . . the physician is there during certain hours to treat **employees** only.

Just a reminder, guests who need sun care products may be referred to our Sun Care Centers . . . **Mickey's Mart**, our resort hotels' **Sundries Shops**, Fort Wilderness' **Trading Post** and the **Village Apothecary** in Lake Buena Vista's Shopping Village.

Dear Carl:

It is my pleasure, on behalf of the Safety Department and all of Walt Disney World, to congratulate you and all those involved in the construction of River Country on a safety job well done.

Your construction crew completed 180 days (112,000 man-hours) without an employee lost-time accident.

Your conscientious attitude and attention to accident prevention resulted in this distinctive performance in construction

safety. This reflects credit on Walt Disney World, yourself and your entire crew.

Again, thanks for a job well done.
